

Call for papers

Special issue Revista Facultad de Ingeniería

ExpoIngeniería 2018 - WEA 2018

Submission deadline: February 28, 2019

Guest Editors:

Juan Pablo Osorio – Juan Rafael Orozco

The Engineering School of the Universidad de Antioquia celebrates its 75th anniversary in 2018. As part of the celebration, the Engineering School is organizing ExpoIngeniería 2018, an academic event that will be held in Medellín from October 16th-19th 2018 (<http://www.expoingenieria.edu.co/>). The main topic of this event is "Development and sustainability" and it will be a broad forum for the interchange of knowledge between Academia, Industry and the State. The agenda of the event includes an academic conference and a research and innovation exhibit. As a parallel event, the V Workshop on Engineering Application-WEA 2018 (<https://ieee.udistrital.edu.co/wea2018/>) will be held also during this week.

Revista Facultad de Ingeniería (Redin) is an international scientific journal that publishes research articles in the broad field of engineering. The journal is supported by the School of Engineering of the University of Antioquia. Currently, Redin publishes four issues per year, and it is indexed and ranked by several international databases including SciELO, LATINDEX, RedALyC, Scopus (Q3 ranking) and Publindex (B ranking).

The aim of this special issue is to collect high quality contributions related to the main topics of ExpoIngeniería2018 and WEA2018. Therefore, it is within the scope of this issue to include contributions in the following fields:

- Energy and environment (Expoingeniería2018)
- Materials, chemistry and bioengineering (Expoingeniería2018)
- Infrastructure, mobility and logistics (Expoingeniería2018)
- Telecommunication and information technologies (Expoingeniería2018)
- Applied computer science in engineering (WEA2018)

Authors must submit their manuscript using the redin's Open Journal System (OJS) by the deadline given above. Manuscripts received after the deadline may not be considered for this issue and may be transferred to a regular issue. When submitting the cover letter, please indicate "the submission is part of Expoingenieria-WEA special issue". All manuscripts should be prepared in accordance with the journal's instructions for authors available at the journal web site (see below). Papers will be subject to the regular journal review process managed by the guest editors
